Dear ladies and gentlemen,
 Dear colleagues,

Hereby we sincerely invite you to the **11th conference** for end-of-life vehicles recycler, a **leading fair** for end-of-life vehicles recyclers.

For you we have arranged a wide and cost-free program with many interesting lectures and other highlights. We are looking forward to welcome you in Hohenroda. Please note that all lectures will be in German. The official conference language will be German, simultaneous interpreting will not be provided.

Please find the latest news of the conference for end-of-life vehicles recyclers in Hessen Hotelpark Hohenroda, Schwarzengrunder Strasse 9, 36284 Hohenroda on:

www.deutsche-autoverwerter.de

Find a film on this website of the conference in 2016 and detailed information of the coming conference, of the hotel and journey guidelines are available.

Not only recyclers, but also politicians and representatives of the automotive industry, of public authorities and of German and European associations will be there to exchange ideas and opinions upon the currently important topics of the recycling industry.

Topics of the conference are e.g.:

- Progresses in recycling lithium batteries
- New security solutions for your facilities
- Increasing the efficiency of resources with vehicle recycling
